

Backup â†’ \\Grand Theft Auto V\\update\\update.rpf\\common\\data\\handling.meta ... \\update \\x64\\dlcpacks\\mpartment\\dlc.rpf\\common\\data\\handling.meta# ## If after installing the update the game does not start in English, it means that you First, make sure you install the game before the installation process is complete. Now install the patch to version 1.0.3.0. After that, launch GTA V. Do not launch the game using Launcher Grand Theft Auto V. If you run other programs at the same time as GTA V, you may get a blue screen of death (BSOD) while loading the game.
